“ Sending our condolences to the family of Richard "Doc" Schumann. We only knew him through the veterinary office, but he was absolutely amazing at what he did. He was one of a kind and such a great person.

“ My family & I were shocked & saddened to hear of Doc's passing. Our thoughts and prayers are with Patty, Jeff and Ryan and their families at this most difficult time. We will always remember with fondness and happiness the times we spent interacting with him at both the practice and The Dock. He always made everyone, regardless of specie, feel welcome. I will especially remember our tradition of buying beer for each other to celebrate our common birthday date. Rest in peace my friend!

“ Dear Patty, Jeff, Ryan, and Family,

I just heard about Dr. Schumann and I don't know when I've been more shocked. Dr. Schumann always was a force of nature and then some, a person so filled with life that this loss seems impossible. While I have no doubt that heaven is a livelier, more interesting place now, and that all the animals Dr. Schumann loved, all of those he saved, and all of those he saved from pain and suffering in their last moments are there to welcome and celebrate him, I am so, so sad. From the day I first went to work for Dr. Schumann and Patty when I was 15 cleaning kennels at 5:30 in the morning before school and then helping in the office and later working as a veterinary assistant, Dr. Schumann taught me so much, helped me in so many ways, and made me laugh with his irrepressible high spirits. As sad as I am today, I cannot help but smile at the thought of him bursting through the office door smiling and asking what I was up to, even though he knew it generally meant I was bringing in a wild cat to be fixed, a rescued English bulldog with a myriad of problems, a sick rescued kitten, and over the decades, dozens of pets with a litany of other common and unusual conditions. Even after I graduated with my first degree and went to work in another field, I stayed in close contact with Dr. Schumann and, no matter how far away I lived, I took my beloved animals to him. He always told me to call him anytime day or night, and when I did, he always responded, right away, whether he was at home asleep after a long day of work, on vacation in Mexico, at The Dock, or anywhere else. As much as I hated to bother him at odd hours, in the event of a pet crisis, there was no one else I trusted more to help me do the right, best thing to help my pet and no one else I knew would understand more than Dr. Schumann did. I almost never cry and certainly nothing in public but I've cried more in front of Dr. Schumann over my pets than I've cried in front of anyone else ever. In those awful, heartbreaking times, Dr. Schumann always was so kind and helped me and my pets through those horrible moments. I'll never forget how he came back to the vet office, with dear Robin in tow, very late one night when my beloved English bulldog, Princess was dying and in pain. He carried her from the car and made sure that her last minutes were peaceful and painless. It was one of the worst moments of my life and I'll always be grateful to Dr. Schumann for his kind words and help then as in countless other times. Dr. Schumann and I were not related but he and dear Patty, Jeff, and Ryan were family of my heart, and I am so sad for them and all those who worked with him and loved him. I am sad, too, for my children and my pets, who knew and loved Dr. Schumann, too, and I am sad for me. I wish you all, wish us all, comfort in our favorite memories of Dr. Schumann. Through the kind of tears I usually only cry at Dr. Schumann's office in a pet crisis, I cannot help but smile as I remember Dr. Schumann with his joyful, irrepressible spirit and kind, tender heart under his great humor. I will be grateful to him, remember him, and love and miss him always. Thank you, Patty, Jeff, Ryan, and families for sharing him with us all.

“ All my family knew and loved Dr. Schumann, too, and when I told my sister about Dr. Schumann passing, she reminded me of the time Dr. Schumann and Patty insisted we borrow their brand-new K-Car to drive to Alabama to visit our parents. We were both in college with old cars that weren't overly reliable, and we weren't old enough to rent a car. We both worked for Dr. Schumann then but still he and Patty had only known us a few years then. Dr. Schumann and Patty would not take no for an answer, insisting that we take their car to be safe and save money. As my sister said, "I'll never forget Dr. Schumann just throwing us the keys to his and Patty's new car and saying, "Take it!" I said, "What if we wreck it?" And with his usual great, ornery, irreverent joyfulness, Dr. Schumann said, "So what? If you wreck it, we'll call the insurance company and get a new car; just don't get hurt yourselves." As my sister said all those years ago and again today, "Who does that? Who else would insist on loaning their brand-new car to two college kids to drive all the way to see their parents?" Dr. Schumann and Patty did, and we'll never forget it or the countless other kind things Dr. Schumann did for us.

“ Jim and I were classmates at Greenon Class of '61. Our families have remained close friends for many years. Jim gave our class a home at The Dock. For the last several years those of us who could, gathered there the second Saturday in September. Jim and Patty put a great deal of effort into making that a special evening. Those times will not be forgotten!

Jim always took excellent care of all our animals. He cared. He was one of our very best friends ever! Jim was not a large man...but he was larger than life! He was taken too early and he is missed by many.

“ My family started using Doc Schumann when I was about 10 years old, that was 50 years ago. When I was young we lived down the street from him and one day our dog got really sick, so my sister and I carried her down to Doc's house and he gave her a shot or meds, can't really remember, but he fixed her right up. I have family in Enon and they were still using him for their fur babies. My condolences to his family. Rest in peace and give all those fur babies in heaven big kisses and hugs.

“ My most lasting memory of Jim was years and years ago when I lived in Enon, I got a puppy, her name was Leah, she was a German Shephard. Leah got Parvo and was so sick, he took care of her and nursed her back to health. We were in the office every day for weeks, I didn't think she was going to make it but he took care of her as if she were his own. She pulled thru and was a wonderful dog. I have never forgotten the time and care you put into saving her. My condolences and prayers to Patty and the boys!

“ My condolences to the Schumann family as well as everyone at EVH & the Dock. Doc Schumann took excellent care of my beloved pets through all the stages of their lives. He was so compassionate & kind to animals as well as people. I will never forget how sweet he was when he had to deliver bad news to me about my dog. He really cared. I will miss that & his laugh.

“ Doc, we will miss you very much. You were a big "part" of our lives, and the "parts" were all good! You were straight up and told it like it is. You stood by your word and looked out for everyone's best interest, you were trustworthy, firm, but still a "softie" who just loved life and family. You were the total man who covered all the bases. Rest in peace Doc, you left a legacy, one day we hope to meet up again and share a joke or two!

“ Our sympathies go out to all the family. I loved that man. He saw me through 3 furbabies now passed and our current 2 now. We had a running joke when we left the animals in his care that we wanted to see back with four legs and a tail...he would just laugh. He took great concern over our furbabies. I can remember when our beloved Penny was so sick he was drawing blood and she passed in his arms and there were tears in his eyes. He was a kind, gentle, funny person. We had friends in from the Republic of Panama for dinner at the Dock and he was grand with them. He was an ICON in our little community of Enon.
RIP "Doc" you were loved and will be remembered for a long time.

“ I would like to send our prayers to the family. Not only was Doc a good neighbor, but he was our compassionate Vet to several of our beloved animals. He saved our cat after being hit by a car and when we had to put our beloved Bernese Mt dog Jackson down he stood right there and cried with us. We moved away after retirement but when we came down to visit our sons family we would always try to go to dinner at the Dock, one of our favorite places to go. I'm so glad the last time we were down we went to the Dock and got to see Doc and Patty and say hello. I lived the fact that he always employed our local young citizens at the Dock to give them a start in life. Enon has lost a great citizen, caring Vet, and wonderful host for the Dock. Again we send prayers to the family at this time. The Kosiba family. Larry, Judy, Wes, and Jessica

“ I first met Doc Schumann not long after he opened his practice in Enon. I had found a little beagle along Dayton-Springfield Road one cold and rainy November afternoon. Needless to say 'Josh", as he got named, had numerous issues. Thankfully he had avoided the busy traffic along the road. I took him to the 'new' vet in town. I knew right away we had come to the right place. Doc immediately saw us and examined Josh. He was diagnosed with several maladies and was put on meds. From that first visit Doc and I established a relationship based on a love for animals, beagles in particular. He treated all of my pets like they were his own. He had a way of making owners feel comfortable and at ease as well. My condolences to Patty and the rest of the Schumann family. A truly great guy will be missed by all.

“ First and for most I want to send my deepest sympathy to Patty, Jeff, Ryan, and the rest of his family, Doc was one of a kind and will be greatly missed by all those who new Doc (Jim) Schuman in the community of Enon, Doc never met a strange, and was always a jokester. One day I was at that the Speedway getting gas I was been over and looking at at my back tire, I heard this person laughing and then heard him say that was really a great view and I turned around and never though twice just said you pervert, then I realize it was Doc, we both started laughing, people thought we were both a little off in the head, We lived in the same neighborhood when we first moved back to Ohio and lived in Houck Meadows 1, where the neighborhood was really a neighborhood, where all the kids knew each other and looked out for each other and the parents found great friends also. May you rest in peace my friend, but know you will be misted , and We are here for your family anytime they want or need us.

He was always so friendly, sometimes greeting me with a hug and always asked how the family was doing. I remember once I found a stray kitten and took it to him, he took care of it and it became the office cat. That's just how he was. I will miss seeing him, we all will. Doc, I hope you are greeted with lots of wet kisses from all those furry friends you took care of and they take care of you now the way you did them. You will be so missed and never forgotten. Rest in heaven.

I soon realized he meant it as a sign of respect and appreciation. If Doc was hear to read this, he would say,”that’s right, but let’s not make a big deal out of it. “
