“ *I have many wonderful memories of Barb. She had a wonderful sense of humor that I really enjoyed. She loved her family ver much. My funniest memory with her was when we went to the movie's together and she brought this huge purse with her. She started pulling things out of that purse during the movie and that purse contained sandwiches, potato chips, candy, cookies and drinks. Barb had brought a whole picnic lunch with her. I was so amazed that I started laughing which got her laughing and we both couldn't stop laughing.
I loved Barb and will miss her!

“ I am grandmas first grandchild and I have so many wonderful memories with my grandma. She was loving funny and kind. She took me to every doctor appointment when I was pregnant with her first great grand child Nikale. I stayed with her on maternity leave and she taught me how to be a good mother to a new born. She would often fall asleep with him lying on her chest. We spent lots of time together over the years and had a wonderful bond. My grandma taught me that family is the most important blessing in life. She was strong, persistent and kind. She was goofy and supportive. She was an angel on earth to me. I'll miss her everyday. I love you grandma. 💜
