“ I still remember when Denny stop at our family's house in Columbiana in 1972- the year after after we moved from Celina. He was in college with one of my new friends from Columbiana, Ohio. We spent the evening talking about growing up in Celina, football and friends. It was such a wonderful evening. God bless - Denny.

“ Jeanine,

Denny Howell changed Enon. This is not to say the man he replaced was not a good man, he was--but Denny changed the culture of the schools. I am forever grateful for that for my children. I will never understand why "the good die young" sometimes, but there is always a reason. He is completely healed now and with his Lord.

“ While my time with and around Denny was extremely limited and only in the high school years, I hope the family can appreciate that the wonderful accepting and giving spirit was always there-- and will live on in the thoughts of many of us who's lives he has touched over the years.

“ Denny and I started our friendship on the football field. We competed from the 8th grade through our senior year - I being a Roughrider and Denny being a Bulldog. We continued our friendship while I was at Celina Middle School and he was at East Elementary. We did some crazy things together, including buying two Holstein steers and raising them at my house. What great memories! It was an honor and a privilege to be his coach at Burkettsville Neurological Center. I will always remember the good times we had together. Karen and I will keep your family in our prayers.

“ Honestly, my first impression of Denny was he was scary. But then you met and talked with him. You immediately seen the compassion and friendliness in his eyes. Then I met his wife and three beautiful girls. This was a man that had it all. He was a family man not only with his wife and girls but with the small community of Greenon Local. I remember him and his family as football games. I would go and Julie would sit in the car with my baby so I can go out and enjoy some of the games. Watching Greenon Football games with Denny and my father became a Friday Night tradition. He will be missed greatly from a lot of people.

“ I knew when Denny first hired me that he was a truly kind man but it wasn't until I moved away and worked for other school districts that I realized how rare it is to have an administrator fight to give you as much as he possibly could. He took care of us all. What a great man!

“ Jeanine, Jess, Jen, and Julie: I will always cherish the great memories that began during Denny's tenure as "My Best Boss Ever", grew during our school related experiences, and then as we became true friends. You have shown amazing family strength and dedication to the life lessons & values Denny displayed and demanded. Together I'm confident you will continue to enrich the lives of everyone around you and strengthen your family.... just like Denny did. I am so thankful I heard the words "I'm glad you came" from Denny when I visited in November. I am glad I got to be part of his life!

To Jeanie & family. My deepest sympathy on the loss of Denny. He was a man dedicated to you and the girls. We talked often of our families during my tenure as Greenon's Transportation Supervisor. He was always fair as my boss & in dealings with the employees and supportive of the needs for the district & my department. May the love you shared stay with you as comfort during this time. My prayers are with you & God's Angels will always be near.

Where to even begin? It's been 28 years of memories of Denny and the 4Js. Denny was one of the kindest, most loving, funny men I have had the privilege of knowing. From his Dancing Daddy dance moves to his singing to his jet-skiing on the pond to his love of building schools and encouraging children, Denny did it all with love, compassion, and honesty. His great love of his family was apparent always. His smile and humor will be greatly missed. Even in his challenges that smile shone through.

Denny was a hero who taught us all how to live by example. He instilled great love and faith in his family and it is that faith and love that have carried his family through the last seven years--and will continue to carry them as they start the journey of finding life with Denny watching over them. He is forever your Guardian Angel. He is missed and loved by many.
