“ Grandpa...I have so many memories that I am reliving in my mind. So many experiences from my childhood and as an adult. As your first grandchild, spending weekends with you and Grandma in Enon, going on trips to so many places, and having more Sunday visits than I can count filled my childhood with joy and adventure. Playing golf with you was incredible. When I was in college, you'd travel 15 to 20 hours each way with my Father and Uncle Mike to play golf with me during Spring Break. After college, I moved away from home and never visited you enough, I know that. But you always showed me love and had joy on your face every time you saw me. My last visit with you a few weeks ago showed me just how much you love me and missed me. When your face lit up and you said, "Where have you been?", just melted my heart and brought out my love for you. Godspeed in heaven. I love you.
