“ To learn of Lester's passing saddens me deeply. We were stationed together in Virginia. It was an Air Force 98-person radar site on the Blue Ridge Parkway. We even rented a place off site together. I was a radio technician and Lester worked in radar maintenance. The site closed in 1975. I ran into Lester at Offutt AFB, NE in 1982. I was stationed at a small site 65 miles away and Offutt was our HQ. I remember working on Lester's car. I did a tune up for him. He was really a decent person and a good friend. Rest In Peace Master Sergeant Julius Lester Knauer. You are thought of and remembered.
