“ To all the family, I did not know how to reach you individually, but wanted you to know that Karen is linked to all my fondest childhood memories. And contrary to what she may have said about our exploits when we were younger, I was not the ringleader, she was also in the thick of things. We did not stay in touch after high school but she and all our group remain in my heart and mind. I am so glad Linda and I made the trip to visit with her earlier this fall. My thoughts and prayers are with all of you.
