“ *May you rest in peace mom I love you and I will always miss you you will always be forever in my heart just as well as Dad you both knew how much you meant to me and you both knew how much I missed you both there's not a day that goes by that I don't hear your voices smell your shampoos and conditioners in your body washes and your perfumes and a shaving cream the days that we have together will always be treasured and forever in my heart your memories will never leave my mind and I know that you will always be forever by my side and I feel your presence with me this very moment and to the days continued on*
