“ Cherishing all the memories from that little apartment complex in Merriam. The late nights, boy craziness, and coming of age experiences. You even harbored me for a few days when I decided to run away from home as a teen. I'm sorry that we lost touch, and even sorrier that we didn't have a chance to re-connect in person. You certainly had a one-of-a-kind life force and energy. I wish you a safe and peaceful journey to the other side.

“ I can and always will remember the first time I met Rhonda at Coachlite Skating Rink when we were 15 and how we instantly just hit it off but we were both such smart mouthed teenage girls who knew it all and yet knew nothing but Rhonda was always a fun and outgoing young woman always willing to help anyone that she could her family took me in and treated as I belonged there. All I can say is though we had only found each other a short time ago on facebook I looked for her wit and charm on my different posts daily she will be missed by so many people whose life she impacted on her journey but she is at peace at home with her mom and looking down on us all with a smile knowing that she was loved as much as she was by so many people. Much love to the family and most of all all my love to you Rhonda.
