“ Godluvya Todd so he took you way to soon. Todd was my first best friend. We played together as children, we rocked together as teens, and work together as men. If I'd know the last time we visited was going to be the last time, I'd have tried to make it last. Rest with the angels, Cuz'n. Luvya. "Wish you were here."

“ *How can I say goodbye to someone who has loved me and Larry since we all were 18. Oh the stories we have and the life we have built together. Toddy you are one of the very few people here on earth that has loved me like you do, we were partners in life and in crime and in cards. Honestly how do I live without you? I guess I hold onto “till we meet again” thank you for ALWAYS showing me and my family the most amazing LOVE 💕 I love you Toddikins, I love you!!!!!!!*

Todd was extremely popular at Enon Eagles! He was very quiet and reserved until he got to know you. Once he became your friend, he was not at all bashful. You never knew what he was going to discuss or say but he had a very quick wit and formulated his opinions after due thought. Todd loved to have fun and typically was like the life of the party. He was always respectful and attentive to causes he undertook. It is doubtful Todd would say he was loved by about everybody he met at our Enon Eagles and his demeanor truly commanded the respect of everyone with whom he conversed and really knew him. There shall indeed be a profound void without Todd and it shall be remotely tough to replace the zing his personality professed. Rest In Peace, free from anxiety, pain and suffering. Be extra proud of the man you became in your earthly life because very few can equal your unique personality and personal characteristics!
