“ *I met Terri at high hopes . She was the mother of Daniel but I always loved talking to her when she picked him up . Daniel was always attached at her hip and mine too . He loves his Miss Brandi and most of all his mommy . When Terri went through some hard times I was always there and she was there for me when I went through mine . We always had lunch or dinner every week with Daniel . She told me at my wedding she looked at Chris first then me when I walked down the aisle and said how much he loved me because she could see it in his eyes . I miss her so much . She was like a 2nd mom to me . Now she's my angel .*

Terri, you posted your video of you accepting the ALS Ice Bucket Challenge. In it you laughed and said you hated me. I know you do not, as you always told me differently. This link of that video shows you from all your good sides...

I realized today that I have no pictures from the memories we shared, both in Watertown and when you came to Tucson. They are all in my mind.

Know that Autumn and Daniel will be watched over by us down here, as you and Jesus watch from above. You will not be forgotten, your memory lives on.

“ Terri,

We met 2 plus years ago while you were walking your dog (Rex) in front of my house and I found out that you were my neighbor down the hill. We became friends right away.

A few months later we started working together, some long arduous days, but you were a real trooper and made them worthwhile. We enjoyed a lot of things together along the way, and there is no one I would rather have had by my side. You were fun, smart, witty, caring and so many other wonderful things that made you a fantastic friend and pleasure to be around.

I am so not ready for our journey to end, for we barely got started it seems. I am so deeply grateful that our paths crossed and that I had the privilege of having one of the best friends I have ever had in my life. You will forever be in my heart. Until we meet again...

“ Terri and I go back to the Speedway days. We had a lot of good times together. She was always fun loving, caring, and loved her daughter. Autumn was the only child when I knew Terri and she was her world. Terri always was willing to go the extra mile for people and that is one thing I will treasure about her. I hope that she is now at peace. Until we meet again my friend rest in paradise.

“ *Terri,*

When I first met you, we were both outside walking the dogs around the block. With your friendly approach, we hit it off right away. I would come to your house to talk to you about anything and everything and you always listened to me. You cared so much not only about me but my entire family and I think you so much for that. I was so worried about your troubles with addiction, I just wish that I would have tried harder to get you the appropriate help. I remember we would go through old pictures together and you would bring out Markies box. That touched your heart and mine so much that we would cry tears together. I'll never forget the memories that we made good and bad. I will always remember you by your heart, because you had a heart of gold and that is what you made you such a wonderful person inside and out. You will truly be missed by many. This isn't goodbye, it's see you later.

“ Terri,
We first met while working together at the Dayton Dannon facility. The time there was short, but you taught me so much that you will never know. You made me laugh every day! The memories that I shared with you will always bring a smile to my face and uplift my heart! You helped through a tough time in my college year with the dreaded Algebra! I didn't get it then and unfortunately still don't, but you took time out of your schedule to help me the only way you knew how. Having you care that much about someone that you really didn't know well, should show others how really special you as a friend are! I will truly miss our talks, although recently they were few and far between, we always made each other laugh out loud at ourselves! I will never know the whys of addiction, or why you didn't ask for help, just only wish you had let someone help you like you helped us. No matter what was going on in our lives, you were always the up lifter, encourager, and special light that we needed at that moment. I pray that if anyone has issues that they reach out to anyone that will help. I know you will be looking down upon all that knew you and bring a memory back when we need it most. Smile angel, your are loved and missed far beyond your wildest dreams! I will love you forever and miss you for always!

“ Terri was one of my best friends at BAE. I met her on her first day in the smoke hut and learned so much about her that day. We became good friends from that very first day. She had a heart of gold and would do anything for anyone. My phone would ring and I knew it was time to go smoke or have lunch. We had lunch together almost every day. I miss her so much and told her that on facebook many times. RIH Terri hope you are out of pain now. Love you my friend.
